

Low Emittance Rings Workshop 2010 (LER2010)

Tuesday, 12 January 2010

Low emittance tuning: simulations and experiments - 60-6-015 (12/01/2010 only) + 40-S2-C01 (15:50 - 17:55)

time	[id] title	presenter
15:50	[19] Reaching ultra-low vertical emittance in the SLS	Dr BOEGE, Michael
16:15	[20] Orbit control for reaching low vertical emittance in Diamond	Dr BARTOLINI, Riccardo
16:40	[21] Genetic algorithms for the low emittance upgrade of ALS	Dr STEIER, Christoph
17:05	[22] Low emittance tuning in CESRTA	Prof. RUBIN, David
17:30	[24] Ultra-low emittance coupling correction, method and results from the Australian Synchrotron light source	Dr DOWD, Rohan
